me-tax portal, during e-fi-

Many users complained

that while accessing the

I-T portal, the search op-

tion is not coming. Some

users also said their acco

unt details are not cor-

rect, after which the de-

partment issued a clarifi-

"Issue relating to the se

arch functionality of the

e-filing website has come

to our notice. The income-

tax department is seized

of the matter. @Infosys

has been directed to look

into it & @Infosyshascon-

firmed that they are resol-

ving the issue on priori-

ty" the I-T department

tweeted while tagging In-

fosys chief executive Salil

Interestingly, the glitch

has come exactly a year af-

ter its launch. The new e-

filing portal went live on

June 7, 2021. The finance

ministry refuted the cla-

im that the site was hack-

ed and said there was no

data breach for the portal.

While there was no offi-

cial statement from Info-

sys, a person familiar

with the matter said the

glitch relating to malfunc-

tion of search option on

the e-filing portal mainta-

ined by Infosys has been

resolved.Last year also

users had faced many

technical issues. In Au

gust last year, the finance

ministry had summoned

the Infosys CEO to expla-

in continued glitches fa-

ced by taxpayers on the e

filing portal. After recei-

ving several complaints

from taxpayers, the go-

vernment had to extend

the due date of filing tax

Regulatory Bodies Need to be More Digital Savvy: FM

Launches SNA dashboard to track funds for centrally sponsored schemes

New Delhi: Finance minister Nirma Fla Sitharaman on Tuesday asked regulatory bodies such as National Financial Reporting Authority (NFRA) and Competition Commission of India E(CCI) to be ahead of the curve and be more digital savvy to meet new chal-

She said NFRA will have a larger role to play and the government intends to soon refer a few cases to it for regulato-Ery consideration.

The Centre on launched the Single Nodal Account =(SNA) dashboard for speedy and transparent usage of funds released for the centrally sponsored scheme CSS) to the states, which will help track all transactions and save on interest the Centre pays for unutilised

Both CCI and NFRA are going to play a key role in the economy in the next 25 Evears, the finance minister said at a inistry of corporate affairs (MCA) event =marking the ongoing weeklong celebrations of 'Azadi Ka Amrut Mahotsay'.

Sitharaman said CCI has made a ma jor contribution in bursting cartels and controlling mergers in a very soft but significant way. CCI has been doing a significant job in making sure In-

New Delhi: The government is fir-

Finance minister Nirmala Sitharaman releasing stamps at the Azadi Ka

LONG-TERM PLAN

dia's free market is fair, she added. Launching the SNA dashboard, Sitharaman said this will add more efficiency in the cash management of the centre, minimizing any leakage and to

transfer funds just in time. About ₹4.46 lakh crore go through this is not a small amount. Today you are in a position to track that money, Sitharaman said, adding that it is a huge success in making governance transparent.

Adding to that, Finance Secretary T V Somanathan said this system would help cut down on the interest expenditure as money would be released at the stage where it is needed.

The government has been able to save about ₹10,000 crore in interest cost in the last fiscal due to introduc-

"If the money is stuck somewhere, we would like to minimize what is stuck and hold it where it is more efficiently held. GoI would like to pay as little as possible of public money as interest

So the SNA and TSA (Treasury Single Account) help us to minimise the nterest costs borne by the GoI and that is not a trivial cost," Somnathan said, adding that this will help the centrea lot, particularly in a difficult year like current financial year.

The government had in April this

year substantially enhanced the fer-

tiliser subsidy by ₹1.10 lakh crore,

over and above the ₹1.05 lakh crore

budgeted for 2022-23. This has taken

the total fertiliser subsidy for the fi-

scal to a record high of ₹2.15 lakh cro-

re for 2022-23 compared to ₹1.62 lakh

As per the plan, the government is

World Bank Cuts **India Growth** Forecast for FY23 to 7.5%

Press Trust of India

Washington: The World Bank on Tuesday cut India's economic growth forecast for the current fiscal to 7.5% as rising inflation, sup ply chain disruptions and geopol itical tensions taper recovery

This is the second time that the World Bank has revised its GDP growth forecast for India in the current fiscal 2022-23. In April, it had trimmed the forecast from 8.7% to 8% and now it is projected at 7.5%. The GDP growth compares to an 8.7% expansion in the previous 2021-22 fiscal.

"In India, growth is forecast to edge down to 7.5% in the fiscal year 2022-23, with headwinds from ris ing inflation, supply chain disruptions, and geopolitical tensions offsetting buoyancy in the recov-

said in its latest issue of the Global Economic Prospects. Growth, it said, will also be sunported by fixed investment undertaken by the private sector and by the government, which has introduced incentives and reforms to improve the business climate.

ery of services consumption from

the pandemic," the World Bank

This forecast reflects a 1.2 percent age point downward revision of growth from the January projec

tion, the bank added.

vernment is expected to go the PPP way

by roping in big gaushalas, dairy coope-

ratives and farmer producer organisa-

tions (FPOs) for production of enri-

As per the government data, impor-

ted urea prices have risen more than

145% to \$930 a tonne in April 2022

from \$380 a tonne a year ago, trigge

which has led to a surge in gas pri-

ces. Similarly, prices of di-ammoni-

um phosphate (DAP) and muriate of

potash (MoP) have risen by 66% and

116% to \$924 a tonne and \$590 a tonne

in April 2022, respectively, compared

to the year-ago period. The biggest

challenge, however, will be building

up a brand for biofertilisers, their

certification and creating a level pla-

ying field for biofertilisers with in-

ched solid and liquid biofertilisers.

Surfshark is 2nd I-T Portal **Faces Glitch** on 1st Anniv, **VPN Provider** Infosys told to Fix Issue to Log Out

Economy & Companies

'Virtual servers to ensure service not hit'

Subhrojit.Mallick

New Delhi: Virtual private network (VPN) provider Surfshark is shutting down physical servers in India, in response to India's top cybersecurity agency's data demands.

It thus becomes the second such company after ExpressVPN to pull out its serers in the country after CERT-In issued a directive on April 28 mandating VPN companies, among others, to maintain basic information about customers including IP addresses, names, email IDs and more. The Netherlands-based VPN provider said its physical servers will be shutdown before the new law comes into power, after which, virtual servers will be introduced, which will be physically located in

Singapore and London, cau-

sing no disruption to services. "Surfshark proudly operates under a strict 'no logs' policy, so such new requirements go against the core ethos of the company," said Gytis Malinauskas, head of legal at Surfshark. "The infrastructure that Surfshark runs on has been configured in a way that respects the privacy of our users, and we will not compromise our values-or our tech-

nical base." Taking such a radical action that highly impacts the privacy of millions of people living in India will most likely be counterproductive and strongly damage the (IT) sector's growth in the country," the company said in its blog.

'Ultimately collecting excessive amounts of data within Indian jurisdiction without

protection mecharobust nisms could lead to even more breaches nationwide," Surfshark added.

The company clarified that

the virtual servers are functio-

nally identical to physical servers, and that users in India who don't use Indian servers will not notice any difference. Surfshark's data shows that since 2004 when data breaches became widespread, 14.9 billion accounts have been leaked, of which a striking 254.9 million belong to users in In-

To put in perspective, 18 out of = every 100 Indians had their personal contact details breached, and for every 10 leaked accounts in India, half are stolen together with passwords, Surfshark wrote in its blog.

Lithuania-based NordVPN has also announced it will be removing physical servers in E India if the current position does not improve in the next = couple of weeks.

India has more than 270 million VPN users, who use them = to access geo-restricted content, stay safe on public Wi-Fi = ਲ networks, remain anonymous and get around internet restrictions, among other things.
