INCLUSIVE WELFARE

FM: Fiscal spending to aid growth

FE BUREAU
New Delhi, June 6

- The govt continues focus on capex, as it bets big on its high multiplier effect
- Experts have forecast FY23 growth to remain in the range of 7.2% to 8.5%, compared with 8.7% in FY22

FINANCE MINISTER NIRMALA Sitharaman on Monday said economic growth will continue to be supported by fiscal spending along with an investment push. This will "impart momentum to the economy based on the idea of growth at macro level complemented by all inclusive welfare at micro level", she added.

Sitharaman was speaking at a virtual meeting of the finance ministers and central bank governors of the BRICS group.

The statement underscores the government's continued focus on capex, as it bets big on its high multiplier effect. The Centre has budgeted a capex of ₹7.50 trillion for FY23, up 27% from the actual spending of ₹5.93 trillion (including ₹62,057 crore capital infusion into Air India) in FY22. The finance ministry has already asked various infrastructure ministries to keep spending.

Several agencies have trimmed their projections for India after the Ukraine war triggered a global commodity price rise. They now forecast India's FY23 growth to remain the range of 7.2% to 8.5%, compared with 8.7% in FY22 (Last fiscal's growth was aided by a sharply-contracted base).

Several analysts have stressed the need for sustained growth in the Centre's capital expenditure, especially when private capex is yet to see a broad-based resurgence and there are significant downside risks to growth from elevated oil prices, supply-chain disruptions due to the Ukraine war and a rising interest rate scenario. It will also have to nudge CPSEs to raise their capex. In FY22, CPSEs fell just short of their revised capex target of ₹5.75 trillion.

BRICS, the minister said, should continue to serve as a platform to facilitate exchange of experiences, concerns and ideas for rebuilding a sustainable and inclusive growth trajectory.

The participants also discussed other legacy finance issues, such as infrastructure investment, New Development Bank (NDB), BRICS Contingent Reserve Arrangement (CRA) etc, the finance ministry said in a statement.

Less support for climate policies in rich nations: CEA

STATING THAT THERE is far less support for climate policies, including tax on fossil fuels, in rich nations, chief economic adviser (CEA) V Anantha Nageswaran on Monday said that developed countries should convince their public about the urgency of adopting policies to mitigate the risks of climate change.

Speaking at an event here, Nageswaran said when developed countries advise their developing counterparts what the latter should be doing on climate change, they have an even more important task. "That is to convince their own public of the importance of climate change mitigation policies," he said. The overall support for green policy is the lowest in Denmark, France and Germany followed by Australia, the CEA said, citing a report. Australia, Canada, Denmark, Germany, the UK and the US are among the developed countries that are opposed to carbon taxes. **–FE BUREAU**

Flour exports spike after wheat shipment ban

BANIKINKAR PATTANAYAK
New Delhi, June 6

EXPORTS OF WHEAT flours have witnessed a sudden and unusual spike in the aftermath of the ban the outbound shipment of wheat, industry sources told FE, indicating that many traders may be using this route to beat the prohibition on the grain's exports. The spike is likely to alarm the government, which has already tightened its scrutiny of wheat shipments.

Sources in the milling industry said wheat flour exports may have jumped at least 7-8 times sequentially since the wheat export ban was imposed. Usually monthly exports at this time of the year are about 6,000-8,000 tonnes. However, the shipments in the month since the ban, which was imposed on May 13, could be at least 60,000-70,000 tonnes, according to the sources. To be sure, wheat flour exports are not yet banned or restricted. In value term, exports of wheat or meslin flour jumped 64% last fiscal from a year before to $247 million, according to the DGCIS data. In contrast, wheat exports had jumped 274% in FY22 to $2.12 billion.

"Flour exports have seen unusual surge, especially in the past 10 days or so, after the government announced a sudden ban on wheat," said a flour miller from Karnataka. Another miller said, "There is a buzz that some traders may be using this route to bypass the wheat export ban. However, a lot of orders are also flowing in to genuine flour millers, probably as a consequence of the wheat export ban."

On Friday, commerce, industry and food minister Piyush Goyal warned traders of action if they are found to have used illegal, back-dated letters of credit (LCs) to seek permits to ship out wheat.

His statement followed a similar warning by the directorate general of foreign trade on May 30 to refer suspected cases of back-dated LCs to the Central Bureau of Investigation and the Economic Offence Wing. While prohibiting wheat export to control spiralling prices, the government had made it clear that supplies that are backed by LCs issued before the ban would to be allowed.

FE last month reported that exporters had submitted LCs to seek permits for despatches of over one million tonnes of wheat, way above the initial trade estimate of just about 4 lakh tonnes, leading to suspicions of attempts by unscrupulous elements to abuse the LC route.

Vaishnaw: Hope to see 1st bullet train running in 2026

RAILWAY MINISTER ASHWINI Vaishnaw on Monday said the governemnt is confident of achieving the target of running the country's first bullet train between Surat and Bilimora in Gujarat in 2026 as good progress has been made in this direction. Vaishnaw was in Surat to inspect the progress of the government's ambitious Ahmedabad-Mumbai bullet train project. There has been good progress in construction, he said. **–PTI**
